## Physician Certification Pattern Review Panel

The Florida Board of Medicine and the Florida Board of Osteopathic Medicine created a joint Physician Certification Pattern Review Panel (Panel) on medical marijuana in compliance with section (s.) 381.986 (4)(g), Florida Statutes (F.S.). The Panel is responsible for reporting its findings and recommendations annually on January 1 to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

### Physician Certification Pattern Review Panel Members:

#### Florida Board of Medicine

Steven Rosenberg, M.D. – Panel Chair

Nicholas W. Romanello, Esq. – Consumer Member

Merle Stringer, M.D.

Sarvam TerKonda, M.D.

#### Florida Board of Osteopathic Medicine

Sandra Schwemmer, D.O. – Panel Vice-Chair

Michelle Mendez, D.O.

Joel B. Rose, D.O.

**Report Contents** are specified by statute as follows:

[Section 381.986\(4\)\(g\), F.S. \(2017\)](#): “The Board of Medicine and the Board of Osteopathic Medicine shall jointly create a physician certification pattern review panel that shall review all physician certifications submitted to the medical marijuana use registry. The panel shall track and report the number of physician certifications and the qualifying medical conditions, dosage, supply amount, and form of marijuana certified. The panel shall report the data both by individual qualified physician and in the aggregate, by county, and statewide. The physician certification pattern review panel shall, beginning January 1, 2018, submit an annual report of its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives.”

## Report Definitions

**Average (AVG) dosage** is the average of all daily dosages ordered within a physician certification.

**Caregiver** means a resident of this state who has agreed to assist with a qualified patient's medical use of marijuana, has a caregiver registry identification card, and meets the requirements of subsection (6) of 381.986, F.S.

**Chronic nonmalignant pain** means pain that is caused by a qualifying medical condition or that originates from a qualifying medical condition and persists beyond the usual course of that qualifying medical condition.

**County** means the physician's self-reported address of record (primary location) as identified in the Medical Quality Assurance Licensure database.

**Dosage** means the milligrams (mg) per dose and doses per day for each order a physician enters in the Medical Marijuana Use Registry as part of a certification for marijuana. "Mg per dose" refers to the maximum number of milligrams in a dose and "doses per day" is the maximum number of doses the physician recommended for use per day. The "total mg/day" is the sum of all doses for a given form and type of marijuana ordered.

**Form** is a term referenced in section 381.986, F.S., to describe the routes of administration, which is defined in rule 64-4.001, Florida Administrative Code (F.A.C.).

**Low-THC cannabis** means a plant of the genus *Cannabis*, the dried flowers of which contain 0.8 percent or less of tetrahydrocannabinol and more than 10 percent of cannabidiol weight for weight; the seeds thereof; the resin extracted from any part of such plant; or any compound, manufacture, salt, derivative, mixture, or preparation of such plant or its seeds or resin that is dispensed from a medical marijuana treatment center.

**Marijuana** means all parts of any plant of the genus *Cannabis*, whether growing or not; the seeds thereof; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its seeds or resin, including low-THC cannabis, which are dispensed from a medical marijuana treatment center for medical use by a qualified patient.

**Marijuana delivery device** means an object used, intended for use, or designed for use in preparing, storing, ingesting, inhaling, or otherwise introducing marijuana into the human body, and which is dispensed from a medical marijuana treatment center for medical use by a qualified patient.

**Medical marijuana** means all products with levels of tetrahydrocannabinol higher than 0.8 percent.

**Medical marijuana treatment centers (MMTCs)** are licensed by the state to grow, process, and dispense marijuana to qualified patients who have active certifications and identification cards issued by the Office of Medical Marijuana Use.

**Medical Marijuana Use Registry (MMUR)** is a secure, electronic, online medical marijuana use registry for physicians, patients, and caregivers that is accessible to law enforcement agencies, qualified physicians, and medical marijuana treatment centers.

**Medical use** means the acquisition, possession, use, delivery, transfer, or administration of marijuana authorized by a physician certification. The term does not include:

1. Possession, use, or administration of marijuana that was not purchased or acquired from a medical marijuana treatment center.
2. Possession, use, or administration of marijuana in a form for smoking, in the form of commercially produced food items other than edibles, or of marijuana seeds or flower, except for flower in a sealed, tamper-proof receptacle for vaping.
3. Use or administration of any form or amount of marijuana in a manner that is inconsistent with the qualified physician's directions or physician certification.
4. Transfer of marijuana to a person other than the qualified patient for whom it was authorized or the qualified patient's caregiver on behalf of the qualified patient.
5. Use or administration of marijuana in the following locations:
  - a. On any form of public transportation, except for low-THC cannabis.
  - b. In any public place, except for low-THC cannabis.
  - c. In a qualified patient's place of employment, except when permitted by his or her employer.
  - d. In a state correctional institution, as defined in s. 944.02, F.S., or a correctional institution, as defined in s. 944.241, F.S.
  - e. On the grounds of a preschool, primary school, or secondary school, except as provided in s. 1006.062, F.S.
  - f. In a school bus, a vehicle, an aircraft, or a motorboat, except for low-THC cannabis.

**Medical Quality Assurance (MQA) Licensure Database** contains information on health care practitioners in the state of Florida licensed under chapter 458, F.S., and chapter 459, F.S. The information includes an indicator for physicians who have qualified to order low-THC cannabis and medical marijuana for qualified patients.

**Office of Medical Marijuana Use (OMMU)** is charged with writing and implementing the Florida Department of Health rules for the use of marijuana, overseeing the statewide Medical Marijuana Use Registry, and licensing Florida businesses to cultivate, process, and dispense marijuana to qualified patients.

More information about the Medical Marijuana Use Registry is available online at the Office of Medical Marijuana Use website: <http://www.floridahealth.gov/programs-and-services/office-of-medical-marijuana-use/medical-marijuana-use-registry/index.html>

**Order** means each type, form, and dosage of marijuana ordered within a physician's certification for a patient with a qualifying condition. There are three consecutive orders within a certification, each with a maximum number of 70-days. Within each order, physicians may order multiple forms of low-THC cannabis and medical marijuana, with various dosages for each form.

**Physician certification** means a qualified physician's authorization for a qualified patient to receive marijuana and a marijuana delivery device from a medical marijuana treatment center.

**Qualified patient** means a resident of this state who has been added to the Medical Marijuana Use Registry by a qualified physician to receive marijuana or a marijuana delivery device for medical use and who has a qualified patient identification card.

**Qualified physician** means a person who holds an active, unrestricted license as an allopathic physician under chapter 458, F.S., or as an osteopathic physician under chapter 459, F.S., and is in compliance with the physician education requirements of subsection (3) of 381.986, F.S.

**Qualifying medical conditions** are required for physician certification. A patient must be diagnosed with at least one of the following conditions to qualify to receive marijuana or a marijuana delivery device:

- (a) Cancer
- (b) Epilepsy
- (c) Glaucoma
- (d) Positive Status for Human Immunodeficiency Virus (HIV)
- (e) Acquired Immune Deficiency Syndrome (AIDS)
- (f) Post-Traumatic Stress Disorder (PTSD)
- (g) Amyotrophic Lateral Sclerosis (ALS)
- (h) Crohn's Disease
- (i) Parkinson's Disease
- (j) Multiple Sclerosis (MS)
- (k) Medical conditions of the same kind or class as or comparable to those enumerated in paragraphs (a)-(j)
- (l) A terminal condition diagnosed by a physician other than the qualified physician issuing the physician certification
- (m) Chronic Non-Malignant Pain

**Routes of administration** is defined in rule 64-4.001, F.A.C. as the appropriate method for the derivative product to be taken into the body of the qualified patient, as certified by a qualified physician, but does not include smoking.

**Smoking** means burning or igniting a substance and inhaling the smoke.

**Supply** means the total amount in mgs for all orders within a certification (dosage multiplied by the number of days ordered).

**Terminal condition** means a progressive disease or medical or surgical condition that causes significant functional impairment, is not considered by a treating physician to be reversible without the administration of life-sustaining procedures, and will result in death within one year after diagnosis if the condition runs its normal course.

**Type** means low-THC cannabis or medical marijuana.

## Historical Review

Implementation dates for Low-THC Cannabis and Medical Marijuana in Florida.

### Sequence of Events

July 2014	Florida Legislature passed the Compassionate Medical Use Act.
January 2015	Section 381.986, F.S., allowed qualified physicians to issue orders for low-THC cannabis under limited medical conditions.
July 2016	Section 381.986, F.S., allowed for full potency medical marijuana for patients with terminal illnesses.
August 2016	The first low-THC cannabis and medical marijuana products were available to patients.
November 2016	Florida voters approved Amendment 2, creating Article X, Section 29 of the Florida Constitution, which took effect on January 3, 2017.
February 2017	Medical Marijuana Use Registry identification cards issued to qualified patients and caregivers.
June 2017	Senate Bill 8-A signed into law. The bill amended section 381.986, F.S., and included a requirement for the Board of Medicine and the Board of Osteopathic Medicine to create a joint Physician Certification Pattern Review Panel and renamed the Office of Compassionate Use as the Office of Medical Marijuana Use.
November 2017	The Physician Certification Pattern Review Panel held its first meeting to review its annual report.
January 2018	Date first Physician Certification Pattern Review Panel Annual Report is published.  MMUR data collection expanded and additional report tools implemented to comply with section 381.986, F.S. (2017).

## Data Collection, Analysis, and Reporting

The OMMU is responsible for oversight of the MMUR and MMTCs in Florida. Within MQA, the Board of Medicine is responsible for regulating the practice of allopathic medicine and the Board of Osteopathic Medicine is responsible for the regulation of osteopathic medicine. The Panel is responsible for reviewing physician certifications as required by section 381.986(4)(g), F.S. There are two data repositories for this purpose:

**The MQA Licensure Database** houses qualified physician information. The MMUR pulls physician county information from addresses provided by physicians. Some physicians may have multiple practice locations, and may not reside in Florida. Qualified physicians hold active, unrestricted Florida licenses and are qualified to issue physician certifications as required by section 381.986 (3), F.S.

**The MMUR** houses physician certification information. Variable names in this report include:

- **“County”** - determined by the address as reported by qualified physicians.
- **“Physician Certifications”** - certifications for marijuana made by qualified physicians for patients with a qualifying medical condition.
- **“Qualifying Medical Condition”** - one or more of the 13 qualifying medical conditions identified in section 381.986, F.S. and listed on page 7.
- **“Type of Marijuana”** - either **“Low-THC Cannabis”** or **“Medical Marijuana”**.
- **“Order”** - a distinct (by Dosage, Type, and Form/Route) recommendation for marijuana.
- **“Route”** (Route of Administration) - **“Inhalation”**, **“Oral”**, **“Rectal”**, **“Sublingual”**, or **“Topical”**.
- **“AVG Dosage”** - the average maximum daily dose (mgs) ordered per day.
- **“Supply”** - the total amount in mg for all orders (dosage multiplied by the number of days ordered).

Summaries of state and county-level data for the data collection period, January 1, 2018 through September 30, 2018, are provided beginning on page 11.

Detailed information by individual physician data, sorted by county, is provided in Tables 1 through 10, starting on page 14.

### Considerations Relative to the Data in the Report

This report provides initial, preliminary data as required by section 381.986(4)(g), F.S. and no inferences of the data are recommended.

- Not all physicians who are qualified have certified patients for marijuana. Similarly, some of the physicians in this report are not currently certifying patients.
- Certification dates (such as the timeframe used to pull data for this report) reflect when the physician adds qualified patient information into the MMUR. However, patients cannot obtain a dispensation for marijuana until after their application for a Medical Marijuana Use Registry identification card has been approved.
- Some qualified patients renew certifications or change physicians during the reporting period and may have records from multiple physicians.

- For reporting purposes, all certification records are tied to qualified patients\*.
- A qualified physician may order both Low-THC cannabis and Medical Marijuana in multiple forms within a certification.

**\*Note:** The county information in this report is the physician’s self-reported address of record (primary location) as identified in the Medical Quality Assurance Licensure Database. Physician certifications and dispensations to qualified patients may occur in other counties. For example:

- A qualified patient may reside in Bay county. The qualified physician may have an address of record in Madison county, but work at clinics in Leon and Duval county.
- The physician certification and orders may have been done at a clinic in Leon county.
- Orders from a physician certification can be dispensed by any medical marijuana treatment center in the state. The qualified patient may visit a dispensary in Leon county but also have a dispensation via delivery to their home in Bay county. The qualified patient could also receive a dispensation picked up from a dispensary location in Escambia county.

Information on the patient’s qualifying condition, dosage, supply, type and form of marijuana ordered in this report would be listed under Madison County. Dispensation information, clinic address, and patient home address are not included in this report.

**Differences in physician ordering style and patient needs** by qualifying / medical conditions can make it difficult to identify a standard pattern for orders. The descriptive information below provides an indication of how widely certifications vary.

Report Variables	Range				State Total
	(Min - Max)	Average	Median	Mode	
<b>Number of Certifications</b> (per patient)	1-12	1.30	1	1	174,254
<b>Low-THC Cannabis Orders</b> (per certification)	0-15	4.57	5	6	572,285
<b>Low-THC Cannabis Supply</b> (mgs/day)	1-7,290,000	4,102	500	1,000	513,336,505
<b>Low-THC Cannabis Supply</b> (mgs/certification)	1-505,440,000	274,743	33,600	70,000	34,292,285,703
<b>Medical Marijuana Orders</b> (per certification)	0-15	4.62	5	6	773,661
<b>Medical Marijuana Supply</b> (mgs/day)	2-96,000,000	3,439	500	1,200	575,711,418
<b>Medical Marijuana Supply</b> (mgs/certification)	2-670,720,000	229,144	33,280	84,000	38,362,788,073

## Overview of Physician Certifications by Qualifying Condition

Statewide, from January 1, 2018 through September 30, 2018, there were 174,254 physician certifications\* from 1,070 physicians for 136,274 patients. Below is the statewide number of physician certifications by the patient's qualifying condition:

<b>Physician Certifications Statewide</b>	<b>174,254</b>
<b>(a) Cancer</b>	<b>17,133</b>
<b>(b) Epilepsy</b>	<b>4,305</b>
<b>(c) Glaucoma</b>	<b>3,398</b>
<b>(d) Positive Status for Human Immunodeficiency Virus (HIV)</b>	<b>1,683</b>
<b>(e) Acquired Immune Deficiency Syndrome (AIDS)</b>	<b>290</b>
<b>(f) Post-Traumatic Stress Disorder (PTSD)</b>	<b>41,143</b>
<b>(g) Amyotrophic Lateral Sclerosis (ALS)</b>	<b>226</b>
<b>(h) Crohn's Disease</b>	<b>3,384</b>
<b>(i) Parkinson's Disease</b>	<b>2,891</b>
<b>(j) Multiple Sclerosis (MS)</b>	<b>3,575</b>
<b>(k) Medical conditions of the same kind or class as or comparable to those enumerated in paragraphs (a)-(j)</b>	<b>47,527</b>
<b>(l) A terminal condition diagnosed by a physician other than the qualified physician issuing the physician certification</b>	<b>440</b>
<b>(m) Chronic Non-Malignant Pain</b>	<b>48,259</b>

\*Note: May include multiple counts for individual patients.

### Comments on Patient's Qualifying Condition Data:

- County totals for physician certifications by the patient's qualifying condition, using the physician address found in the MQA licensure database, are provided in Table 1.
- There are 44 counties in Florida with physicians who are qualified to certify patients for marijuana. MMUR data show patient home addresses in all 67 Florida counties.
- The number of individual physician certifications by the patient's qualifying condition, sorted by physician county, are provided in Table 6.

## Low-THC Cannabis Ordered

Statewide, from January 1, 2018 through September 30, 2018, 1,020 physicians wrote 129,127 certifications with Low-THC Cannabis orders for 104,733 patients.

- 95 percent (1,020 of 1,070 certifying physicians) wrote orders for Low-THC Cannabis.
- 45 percent (486 of 1,070 certifying physicians) wrote orders *solely* for Low-THC Cannabis: 2,923 certifications for 2,588 patients.
- 93 percent (990 of 1,070 certifying physicians) wrote orders for *both* Low-THC Cannabis and Medical Marijuana: 126,204 certifications for 102,677 patients.
- The Average Dosage of Low-THC Cannabis ordered was 448 mgs per day.
- The total Supply of Low-THC Cannabis ordered was 34,383,285,703 mgs.

### County Data for Low-THC Cannabis

County totals and percentage of state totals, for physician certifications with orders for Low-THC Cannabis, using the physician address as found in the MQA licensure database, are provided in Table 2, including:

- **Percent Certifications:** number of physician certifications per county divided by the statewide total.
- **Percent Low-THC Cannabis Orders:** number of Low-THC Cannabis orders per county divided by the statewide total.
- **AVG Dosage (mg) Low-THC Cannabis Ordered:** all maximum daily doses of Low-THC Cannabis ordered divided by the total number of Low-THC Cannabis orders within that county.
- **Supply (mg) Low-THC Cannabis Ordered:** total of all maximum daily doses of Low-THC Cannabis multiplied by the number of days in each order.
- **Percent Supply Low-THC Cannabis Ordered:** total mgs of Low-THC Cannabis ordered per county divided by the total mgs ordered statewide.

**Individual Physician Data** for Low-THC Cannabis is provided in Table 7. This table includes percentages for physician data based on county totals. Physicians who did not order Low-THC Cannabis will have “-” for missing data in the table.

**Route of Administration** information for Low-THC Cannabis is provided in Table 4 and Table 9.

## Medical Marijuana Ordered

Statewide, from January 1, 2018 through September 30, 2018, 1,052 physicians wrote 171,331 certifications for Medical Marijuana for 134,405 patients.

- 98 percent (1,052 of 1,070 certifying physicians) wrote orders for Medical Marijuana.
- 76 percent (815 of 1,070 certifying physicians) wrote orders *solely* for Medical Marijuana: 45,127 certifications for 36,788 patients.
- 93 percent (990 of 1,070 certifying physicians) wrote orders for *both* Low-THC Cannabis and Medical Marijuana: 126,204 certifications for 102,677 patients.
- The Average Dosage of Medical Marijuana ordered was 372 mgs per day.
- The total Supply of Medical Marijuana ordered was 38,362,788,073 mg.

### County Data for Medical Marijuana

County totals and percentage of state totals, for physician certifications with orders for Medical Marijuana, using the physician's address as found in the MQA licensure database, are provided in Table 3, including:

- **Percent Certifications:** number of physician certifications per county divided by the statewide total.
- **Percent Medical Marijuana Orders:** number of Medical Marijuana orders per county divided by the statewide total.
- **AVG Dosage (mg) Medical Marijuana Ordered:** all maximum daily doses of Medical Marijuana ordered divided by the total number of Low-THC Cannabis orders within that county.
- **Supply (mg) Medical Marijuana Ordered:** total of all maximum daily doses of Medical Marijuana multiplied by the number of days in each order.
- **Percent Supply Medical Marijuana Ordered:** total mgs of Medical Marijuana ordered per county divided by the total mgs ordered statewide.

**Individual Physician Data** for Medical Marijuana is provided in Table 8. This table includes percentages for physician data based on county totals. Physicians who did not order Medical Marijuana will have “-” for missing data in the table.

**Route of Administration** information for Medical Marijuana is provided in Table 5 and Table 10.

Table 1. State and County Physician Certifications by Patient's Qualifying Condition from January 1, 2018 through September 30, 2018

Physicians by County	(a) Cancer	(b) Epilepsy	(c) Glaucoma	(d) Positive Status for HIV	(e) AIDS	(f) PTSD	(g) ALS	(h) Crohn's Disease	(i) Parkinson's Disease	(j) MS	(k) Medical Conditions of the Same	(l) Terminal Condition	(m) Chronic Non- Malignant Pain	Total

## Panel Recommendations

1. As this program is new and evolving, the Panel recommends discussing subsets of the data more frequently over the course of the year.
2. The Panel recommends including explanatory information regarding the variety of methods of statewide dispensation and delivery.
3. The Panel recommends that the legislature modify the language of section 381.986(4)(g), F.S., in order for the Panel to include additional findings and recommendations in its report. The Panel provides the explanatory information in recommendation 2 above as an example.
